Her Honor Gladys Johnson  
Chair Person  
Independent Commission National Human Right

May 28, 2015

Honorable Chairperson:

The National Civil Society Council presents compliments to you.

The Civil Society Council of Liberia along with its Thematic Working Group on Concessions, Environment, Natural Resource Management and Human Rights is deeply troubled and concerned about the violence and unfolding events in Butaw District, Sinoe County.

We have received reports of alleged human rights violations and excessive use of force perpetrated by the Liberia National Police in the County. In response, we are calling on the Commission to immediately conduct an investigation into these alleged acts of violation. We are willing to work along with the Commission and provide our expertise in the process of carrying out this investigation.

We are currently planning to field a mission into Butaw District, Sinoe County. Please feel free to contact us immediately should you have plan to collaborate.

Sincerely,

Frances R. Deigh Greaves  
National Chairperson

Cc: Atty. Macdilla Howard
